More of What Makes the Right Plan

One of our goals at Essence is to have a plan that's right for both your health and your budget. We do this by offering more in every way possible.

More Choices.

We offer **multiple plan options** to best fit your needs. These HMO plans provide a coordinated care experience where we work with you and your doctors to provide a better overall healthcare experience.

More Flexibility.

Our **Flexible Benefits Card** allows you to access your plan's extra benefits when, how and where you want. With Flex Card allowances up to \$2,000 depending on the plan you choose, you can use your card to pay for things like dental, vision, hearing and over-the-counter (OTC) items.

More Savings.

Our plan options include many ways to save, such as **\$0** premiums, **\$0** deductibles, **low or \$0** primary care copays and **low or \$0** copays for preferred generic medications.*

More Protection.

Good healthcare is about **protecting your health and your budget**. We make sure you have the right benefits at the right cost so you can get healthy and stay healthy. And you shouldn't have to worry about health expenses draining your retirement. That's why we provide maximum out-of-pocket protection, so you know you won't spend more than a certain amount on your healthcare.

*Copay amounts applicable at preferred pharmacies. You are not required to use a preferred pharmacy and other pharmacies are available in our network.

At **Essence Healthcare**, we work hard today—and every day—to help you live your healthiest life so you can continue to pursue the things you love surrounded by the people you love.
